edding 751 paint marker

Paint marker for highly opaque and permanent labelling even on dark and transparent materials, e.g. metal, glass and plastic. The round nib has a stroke width of 1-2 mm. The paint-like ink is quick-drying, weatherproof, extremely lightfast and wear-resistant. All colours are heat-resistant up to 400 °C. The colours yellow, orange, brown, violet, pink, light blue, white and silver remain visible at up to 1000 °C. The colour white is recommended by Lufthansa Technik. Available in 14 different colours. The colours orange, brown, violet, pink, light blue and copper are available in a different design with the same ink quality (see edding 751 gloss paint marker). Suitable spare nibs (edding 751 spare nibs) are available. Low-odour ink with no added toluene/xylene. High-quality aluminium barrel.

Highly opaque marking results on dark and smooth surfaces with a solvent- and heat-resistant ink. Long-lasting indoors and outdoors. Exceptional ink for heat-resistant marks up to 400 °C and some colours are still visible up to 1000 °C. Visible marking even in compromised lighting conditions. Foil seal ensures the product is unused when purchased. Intensive colours. Broad colour assortment. High-quality brand product.

edding 780 paint marker

Paint marker for fine-lined, highly opaque and permanent labelling even on dark and transparent materials, e.g. metal, glass and plastic. The metal-framed plastic nib has a stroke width of 0.8 mm. The paint-like ink is quick-drying, weatherproof, extremely lightfast and wear-resistant. All colours are heat-resistant up to 400 °C. The colours white and silver remain visible at up to 1000 °C. The colour white is recommended by Lufthansa Technik. Available in the colours black, red, blue, green, white, gold, silver and copper. The colours blue, green and copper are available in a different design with the same ink quality (see edding 780 gloss paint marker). Suitable spare nibs (edding 780 spare nibs) are available. Low-odour ink with no added toluene/xylene. High-quality aluminium barrel.

Highly opaque marking results on dark and smooth surfaces with a solvent- and heat-resistant ink. Extra fine stroke. Long-lasting indoors and outdoors. Exceptional ink for heat-resistant marks up to 400 °C and some colours are still visible up to 1000 °C. Visible marking even in compromised lighting conditions. Foil seal ensures the product is unused when purchased. Intensive colours. Broad colour assortment. High-quality brand product.

edding 5000 acrylic marker broad

Acrylic marker for painting on light or dark surfaces, ideal for materials like canvas, painting paper, wood, stone or terracotta. The chisel nib has a stroke width of 5-10 mm. The high-quality, pigmented water-based acrylic paint is opaque, lightfast, odourless and permanent after drying. Available in 26 different colours. The colours can be combined with the colours of the edding 5200 permanent sprays. Suitable spare nibs (edding 5000 spare nibs) are available.

The acrylic range, comprising acrylic markers and an acrylic tube, makes acrylic painting easy and hassle-free. The broad chisel nib allows variable strokes and the painting of larger areas. Wide range of brilliant colours. Valve-system allows even inkflow for great coverage. Easy and clean to use for uncomplicated, spontaneous creativity. Pluggable cap reduces the risk of loss. High-quality brand product. Made in Germany.

edding 5400 acrylic 3D double liner

Acrylic 3D double liner for unique effects and painting on dark and light surfaces, ideal for materials like canvas, painting paper, wood, stone or terracotta. The double-ended tube has two nozzles with a stroke width of 2-3 mm and 5-10 mm. The acrylic 3D double liner contains highly pigmented, permanent and mixable acrylic paint in artist quality. Available in 26 different artist-quality colours. The colours can be combined with the colours of the edding 5200 permanent sprays.

The acrylic range, comprising acrylic markers and an acrylic tube, makes acrylic painting easy and hassle-free. Innovatively designed tube with two different-sized nozzles for unique painting techniques. Ready to use. Use by simply pressing on the tube-like body (no brush needed). Easy and clean to use for uncomplicated, spontaneous creativity. Wide range of brilliant colours. Foil seal ensures the product is unused when purchased. Made in Germany. High-quality brand product.

edding retract 11 permanent marker

Permanent marker with push-button mechanism for one-handed operations - for marking and labelling almost all materials, e.g. paper, cardboard, metal, glass, plastic and wood. The round nib has a stroke width of 1.5-3 mm. The permanent marker does not have a cap; the nib is extended or retracted by simply pressing on the push-button. The seal system prevents the marker from drying out when the nib is extended. Waterproof and wear-resistant on almost all surfaces. Available in the colours black, red, blue and green. The product is refillable with edding RMTK 25 refill service. Low-odour ink with no added toluene/xylene.

Pushbutton-mechanism enables one-handed use for quick, convenient and long lasting marking. Ready to use. Practical clip prevents rolling away and can be secured on clothes and objects. Push-button mechanism - no cap to lose. No stains on clothes or hands. High-quality brand product.

Brilliant paper markers

Quality that never fails to impress. These brilliant markers for labelling paper or cardboard are extremely light-fast. The permanent water-based pigment ink will not bleed through paper. Additional benefits: waterproof, smudge-proof, wear-resistant and heat-resistant on virtually all materials.

Both models are refillable and protect the environment thanks to being reusable.

Product overview

edding 30 brilliant paper marker

edding 33 brilliant paper marker

edding 30 brilliant paper marker

Brilliant paper marker for extremely lightfast labelling on paper and cardboard in brilliant colours. The round nib has a stroke width of 1.5-3 mm. Ink does not bleed through onto the next page. The ink is waterproof, smudge-proof, wear-resistant and heat-resistant on almost all surfaces. Water-based, low odour ink with few solvents. Available in the colours black, red, blue, green, yellow, orange, brown and violet. Refillable in the colours black, red, blue and green with edding PTK 25 refill service. Suitable spare nibs (edding 30/31/380 spare nibs) are available. The brilliant paper marker is also suitable for materials such as plastic, metal and glass.

Permanent, lightfast ink with bright colours. Cap can be stored on the end of the barrel to prevent risk of losing it. Practical clip prevents rolling away and can be secured on clothes and objects. Brilliant colours. Broad colour assortment. High-quality brand product. Made in Germany.

Flipchart markers

For the perfect presentation. Flipchart markers have been specially designed for writing and marking on flipchart paper, presentation paper and cards. The ink is available in a wide range of brilliant colours and will not bleed through to the next sheet of paper. The “no-cap” technology also means that the markers do not dry out – even if the caps are left off for a few weeks at a time.

Almost all models are refillable and protect the environment thanks to being reusable.

edding 31 EcoLine flipchart marker

Flipchart marker specially designed for writing and marking on flipchart paper, presentation paper / cards and other paper sheets. At least 90% of the total plastic used in the marker is made from recycled material (83% post-consumer). ClimatePartner certified product. Information on offsetting the greenhouse gas emissions of the EcoLine can be found here: www.ClimatePartner.com/13742-1910-1001. The round nib has a stroke width of 1.5-3 mm. The ink has a neutral smell, does not bleed through onto the next page and is available in a range of brilliant colours. Thanks to the cap-off technology, the cap can be left open for several weeks without the product drying out (test climate according to ISO 554). Available in the colours black, red, blue and green. The product is refillable with edding FTK 25 refill service. Suitable spare nibs (edding 30/31/380 spare nibs) are available.

Eco-friendly with at least 90% of the total plastic used made from recycled material (83% post-consumer). Easy identifiable eco-friendly product design. Cap can be stored on the end of the barrel to prevent risk of losing it. Practical clip prevents rolling away and can be secured on clothes and objects. High-quality brand product. Made in Germany.

Chalk markers

Creativity with chalk. Whether creating an opaque design, label or decoration, the chalk markers add striking accents to non-porous materials in a wide range of different colours. Also available in bright neon colours. Another benefit: the water-based liquid chalk can easily be erased using a damp cloth.

Before use, shake the chalk marker, remove the cap and carefully pump up and down until the ink fills the nib.

edding 4085 chalk marker

Chalk marker for non-permanent designing, decorating and writing on non-porous surfaces, e.g. windows, dark boards, glass, plexiglas® and mirrors. The round nib has a stroke width of 1-2 mm. The opaque, water-based liquid chalk with a neutral smell can be wiped off virtually all non-porous surfaces with a damp cloth. Available in 20 different colours.

Opaque liquid chalk in a marker format. Easy handling - Unlike standard chalk, your hands will not get dirty. Produces a more professional and elegant script or drawing - better than any chalk. Wide range of brilliant colours - Moreover the fluorescent choice of colours becomes visible under UV light. Cap can be stored on the end of the barrel to prevent risk of losing it. Foil seal ensures the product is unused when purchased. Broad colour assortment. High-quality brand product.

Whiteboard markers

Always at your service. Thanks to the “no-cap” technology, the whiteboard marker’s cap can be left off without drying out, even for a few days at a time. And of course they are perfect for writing and marking on whiteboards. They are also lightfast and quick-drying, with no added butyl acetate. Whiteboard markers are dry-wipeable from virtually all non-porous materials such as enamel, glass and melamine. The range is supplemented by the useful accessory products, which are available individually or in a practical complete set.

Almost all models are refillable and protect the environment thanks to being reusable.

edding retract 12 whiteboard marker

Whiteboard marker with push-button mechanism for one-handed operations - for writing and marking on whiteboards and also suitable for flipcharts. The writing is dry-wipeable from virtually all non-porous surfaces such as enamel and melamine. The round nib has a stroke width of 1.5-3 mm. The retractable seal system prevents the marker from drying out. The whiteboard marker ink is lightfast and quick-drying. Available in the colours black, red, blue and green. The product is refillable with edding RBTK 25 refill service. With no added butyl acetate.

Pushbutton-mechanism enables one-handed use, easily residue-free dry wipeable from whiteboards. Ready to use. No cap to lose - capless thanks to pushbutton mechanism. Practical clip prevents rolling away and can be secured on clothes and objects. High-quality brand product.

edding 28 EcoLine whiteboard marker

Whiteboard marker for writing and marking on whiteboards and also suitable for flipcharts. At least 90% of the total plastic used in the marker is made from recycled material (83% post-consumer). ClimatePartner certified product. Information on offsetting the greenhouse gas emissions of the EcoLine can be found here: www.ClimatePartner.com/13742-1910-1001. The writing is dry-wipeable from virtually all non-porous surfaces such as enamel and melamine. The round nib has a stroke width of 1.5-3 mm. Thanks to the cap-off technology, the cap can be left off for several days without the product drying out (test climate according to ISO 554). The whiteboard marker ink is lightfast and quick-drying. Available in the colours black, red, blue and green. The product is refillable with edding BTK 25 refill service and edding BT 30 refill ink. Suitable spare nibs (edding 28/400 spare nibs) are available.

Eco-friendly with at least 90% of the total plastic used made from recycled material (83% post-consumer). Easy identifiable eco-friendly product design. Cap can be stored on the end of the barrel to prevent risk of losing it. Practical clip prevents rolling away and can be secured on clothes and objects. High-quality brand product. Made in Germany.
